## Background

---

**Scope and Content**

The collection consists of film footage (sync reels, workprint reels, stock footage, research tapes, etc.) created in the making of the film *Clear Pictures*, a documentary on Reynolds Price by Charles Guggenheim. Interviews of friends and colleagues were recorded, as well as of Price himself, documenting his range of activity and long literary career. A few paper files and electronic

data are also included. See the Reynolds Price Papers also in this repository. The addition (2 items; dated January 23, 1990) contains two 3/4" U-matic videocassette tapes.

Special arrangements will be necessary to gain access to some items in this collection. Please inquire.

### **Biographical/Historical**
