## Summary

---

**Collection Title:**

Frank Baker collection of Methodist circuit plans, 1777-1984 and undated

**Creator:**

Baker, Frank, 1910-1999

**Abstract:**

Consists predominantly of circuit plans from the Methodist Church (Great Britain) and the earlier churches that merged to form it in 1907 and 1932: the Wesleyan Methodist Church, the Primitive Methodist Church, the United Methodist Free Churches, and the United Methodist Church (Great Britain). These circuit plans, collected by Frank Baker, document the history, growth, and organization of the itinerancy, established by John Wesley in the early years of the church when Methodism began to spread into the rural areas of England. The plans feature detailed schedules of where the itinerant preachers, known as circuit riders, were to appear and preach each week.

**Extent:**

8.5 Linear Feet  
Approx. 2000 items

**Physical Location:**

## Background

---

### Scope and Content

The Frank Baker Collection of Methodist Circuit Plans, 1777-1984 and undated, consists predominantly of circuit plans from the Methodist Church (Great Britain) and the earlier churches that merged to form it in 1907 and 1932: the Wesleyan Methodist Church, the Primitive Methodist Church, the United Methodist Free Churches, and the United Methodist Church (Great Britain). These plans document the history, growth, and organization of the itinerancy, established by John Wesley in the early years of the church when Methodism began to spread into the rural areas of England. The circuit plans feature detailed schedules of where the itinerant preachers, known as circuit riders, were to appear and preach each week.

Items in the 19th Century and Overseas Circuits Series were donated in the 1970s and were organized at the item level and encapsulated in the early 1980s. Items were numbered in the order in which they were encapsulated, which bears no relationship to alphabetical order or circuit organization. They are currently boxed in numerical order in three boxes with the following number ranges: Box 1: items 1-240; Box 2, items 241-390; Box 3: items 391-527. Items in the 20th Century Series, numbering around 800 to 1000 items, were donated in the late 1980s and are organized to the folder level.

### Biographical/Historical

Frank Baker was a scholar, editor, collector, and Duke University faculty member specializing in the history of English and American Methodist history, and of the life and career of minister John Wesley.

## **20th Century Series, 1896-1959, bulk 1944-1959 and undated**

**Physical Description:** 9 boxes

### **Scope and Contents note**

Donated at a later date. Approximately 1500 circuit plans, mainly covering the years from 1944-1959, but with scattered plans from the 1890s and 1900s. Plans are grouped alphabetically by circuit name (or city, if circuit unclear), but are not in order within each letter.
